## PROFESSIONAL EXPERIENCE

### Dance Shows NYC | New York, NY — *Web Consultant*

SEPTEMBER 2024 - PRESENT

Developed functions to scrape websites for data on dance performances using Cheerio. Automated Airtable input using the Airtable API to boost efficiency. Provided insight and feedback to the site's owners to optimize UI/UX design and data management.

### Tracy Aviary | Salt Lake City, UT — *Events Team Member, Events Supervisor* (promoted Feb 2025)

MAY 2024 - PRESENT

Coordinated with dozens of different clients, caterers, florists, and event planners to successfully host 100+ events. Set up and broke down event spaces for parties of over 200 people.

### Ririe-Woodbury Dance Company | Salt Lake City, UT — *Dancer*

JUNE 2021 - MAY 2024

Taught interactive dance classes for over 30,000 elementary school students per year. Performed in world-class contemporary dance productions across the USA. Organized and edited audio for lectures and performances using Audacity and QLab.

### GrowNYC | New York, NY — *Market Manager*

AUGUST 2020 - JUNE 2021

Enforced compliance policies for farmers to ensure the highest quality customer experience. Executed quick and smooth EBT transactions via iPad.

### Sleep No More | New York, NY — *Performer*

JULY 2018 - FEBRUARY 2020

Performed in over 400 immersive dance-theater shows for 100,000+ total audience members. Excelled at multitasking in a high-stress environment by executing difficult choreography in close proximity to the audience. Adapted quickly to working with new partners and scene-mates with little preparation.

## PROJECTS

### Tumble Tracker Gym Scheduling App

Created a React calendar app to allow gymnastics gyms to better avoid scheduling conflicts. Leveraged a MongoDB database to customize and store data based on individual gyms' needs.

### Maestro Playlist Creator

Utilized the Spotify API to fetch, display, and save music data based on the user's mood. Provided OAuth authentication using Spotify's Authorization Code flow. Worked in a collaborative team of four using Github Projects.

### Mangrove Manor Mystery Game

Developed an interactive mystery game inspired by the *Choose Your Own Adventure* book series using a React front-end and an Express back-end. Created and seeded a PostgreSQL database using the Sequelize ORM.
