EDUCATION

Devmountain | Lehi, UT — *Web Development Certificate*

MAY 2024 - NOVEMBER 2024

See Projects section for details. >>

The Juilliard School | New York, NY — *BFA in Dance*

AUGUST 2014 - MAY 2018

PROFESSIONAL EXPERIENCE

Dance Shows NYC | New York, NY — *Web Consultant*

SEPTEMBER 2024 - PRESENT

Compiled data on dance performances to input into Airtable. Provided insight and feedback to the site's owners to optimize UI/UX design and customer data management.

Tracy Aviary | Salt Lake City, UT — *Events Team Member*

MAY 2024 - PRESENT

Set up and broke down event spaces for parties of over 200 people. Oversaw event entry to ensure security of the venue and comfort of the patrons. Coordinated with dozens of different caterers, florists, and event planners kindly and efficiently.

Ririe-Woodbury Dance Company | Salt Lake City, UT — *Dancer*

JUNE 2021 - MAY 2024

Taught interactive dance classes for over 30,000 elementary school students per year. Performed in world-class contemporary dance productions across the USA. Organized audio for lectures and performances using Audacity and QLab.

GrowNYC | New York, NY — *Market Manager*

AUGUST 2020 - JUNE 2021

Organized a 20+ vendor farmers market each morning based on weather and traffic conditions. Executed quick and smooth EBT transactions via iPad.

Sleep No More | New York, NY — *Performer*

JULY 2018 - FEBRUARY 2020

Performed in over 400 immersive dance-theater shows for 100,000+ total audience members. Excelled at multitasking in a high-stress environment by executing difficult choreography in close proximity to the audience. Adapted quickly to working with new partners and scene-mates with little preparation.

PROJECTS

Maestro Playlist Creator

Utilized the Spotify API to fetch, display, and save music data based on the user's mood. Provided OAuth authentication using Spotify's Authorization Code flow. Worked in a collaborative team of four using Github Projects.

Mangrove Manor Mystery Game

Developed an interactive mystery game inspired by the *Choose Your Own Adventure* book series using a React front-end and an Express back-end. Created and seeded a PostgreSQL database using the Sequelize ORM.
